Thank you for your interest in aLord Ashley Driving School. You will find information enclosed regarding the courses we spoke about when you contacted our school.

At Lord Ashley, we stress the importance of collision free driving because once a new driver is alone in the car, it is up to him/her to decide to drive defensively. We help develop the correct attitudes and desires in your new driver to want to maintain a collision free lifestyle. If a new driver understands why they need to drive defensively, they will be more apt to want to drive defensively. We help them understand why!

Our school is one of the most respected schools in the region. Our instructors are highly trained and very patient. The training we provide has been developed to teach new drivers with no experience to develop quickly and confidently as well as provide more advanced drivers with the skills they need to remain collision free.

Our DriveTechUSA Expert Driving System teaches new drivers how to be aware of their surroundings. Once the student has mastered our system, he/she will be aware of potential threats on the roadways as well as how to avoid conflicts that lead to collisions. The student will learn to deal with distractions and unfamiliar situations. He/she will be able to read traffic signs and know the laws pertaining to the roadways and driving etiquette.

Bring –A-Friend Discount Program

The rules are simple and easy to follow. Just call our office with the name(s) of the students that your son or daughter will be bringing to the class and receive \$10.00 for bringing that student to class with you. Along with the \$10.00 discount you will receive, the student you will be bringing may also bring friends to receive \$10.00 off of their tuition as well. So everyone saves money!

The Rules are as follows.

1. All students must be pre-registered.

After completing the classroom portion, they are given the login information for our online scheduling system to set up their in-car portion of the training. Their in-car portion will be broken down into the appropriate number of 2-hour segments based on the course chosen. Upon completion of both the classroom and in-car portions, the student will receive the necessary paperwork for the student to be allowed to take the State Road Test. Certificates for the insurance discount will be emailed within a couple of days to the email address on record.

- 4. How do we set up Road Test for beginner course students?**
